Your to-do list
Stay safe on your phone

Android

The golden rule: Not expecting it? Don’t answer it. If it’s real, they’ll find another way. Nobody real asks for money, a code or a password.

👥 **Best with a helper.** Sit with someone you trust: one reads, one taps. Tick each box with a pen when it’s done. Menus can move after updates. Stuck? Bring your phone to a workshop.

- [ ] **Join the El Raso AI Hub on WhatsApp**
  No QR code? Type costablancaai.com/elraso in the bar of your browser (not in Google’s search box) › go › green Follow on WhatsApp button. Or ask a friend on the channel to tap its name › Forward, and send it to you.

- [ ] **Update your phone**
  Settings (cog) › scroll to the bottom › Software update › Download and install. (Or System › System update.) Battery half full or charging.

- [ ] **Lock WhatsApp with a PIN**
  WhatsApp › three dots ⋮ (top right) › Settings › Account › Two-step verification › Turn on. Pick 6 numbers, not your birthday.

- [ ] **Check who else is on your WhatsApp**
  WhatsApp › three dots ⋮ › Linked devices. Anything you don’t know: tap it › Log out.

- [ ] **Check if your email was leaked**
  Chrome › type haveibeenpwned.com in the bar at the top › go › type your email. Red? Change that password.

- [ ] **Strong passwords for email and bank**
  Each gets its own password. Turn on two-step login (look under Security). Do this one with your helper.

- [ ] **Turn on payment alerts**
  In your bank’s own app: Notifications or Alerts › card payments on. Can’t find it? Ask at your bank.

- [ ] **Stop sales calls**
  listarobinson.es (in Spanish, free, takes up to 2 months). Do it with your helper.

- [ ] **Agree a family code word**
  Tell them face to face. If “family” rings asking for money, ask for the word.

Your to-do list
Make Facebook safer

Android

Open the **Facebook app**. Each line starts at **the three lines ☰ (top right)**, then **scroll down** to Settings & privacy. Tap the words in order.
Can't find Accounts Centre? It's the box at the very top of Settings (it may say "See more in Accounts Centre"). Still stuck? Type **accountscenter.facebook.com** in your web browser.

TODAY

- [ ] **Add a second lock (two-factor login)**
  ☰ › Settings & privacy › Settings › Accounts Centre › Password and security › Two-factor authentication › your account › Text message or WhatsApp › type the code.

- [ ] **Log out of phones you don't know**
  ☰ › Settings & privacy › Settings › Accounts Centre › Password and security › Where you're logged in. Log out anything you don't know.

- [ ] **Hide your phone number, email and birthday**
  ☰ › Settings & privacy › Privacy Checkup. Set them to Only me.

- [ ] **Make old posts Friends only**
  ☰ › Settings & privacy › Settings › Posts › Limit who can see past posts.

- [ ] **Say no to AI using your posts**
  ☰ › Settings & privacy › Privacy Centre › Right to object. Fill in the short form.

THIS WEEK

- [ ] **Remove old apps and games**
  ☰ › Settings & privacy › Settings › Apps and websites. Remove what you don't use.

- [ ] **Hide or delete old posts**
  Your page (tap your photo) › three dots ⋯ › Activity log. Archive hides, Bin deletes.

- [ ] **Make Instagram private, if you use it**
  Instagram › your photo › three lines ☰ › Account privacy › Private account.

- [ ] **Check who can find you**
  ☰ › Settings & privacy › Privacy Checkup › How people can find you › Only me.

If something goes wrong

1. Bank: block your card in your bank's app, then ring the 24-hour number on the card.
2. 017: free help line. WhatsApp **900 116 117** in simple English. 8am to 11pm.
3. Guardia Civil 062 to report it. **112** only if someone is in danger right now.

Scan the code for the hub, with these steps one at a time. Richie will never ask you for money, codes or passwords.
